ABOUT OUR PROGRAM

During the course of the season we want our coaches to focus on:

• Being patient, reinforce positive behavior, be slow to make corrections but be quick to praise our youngsters.

• The SCRSL program values effort but we don't define the players on effort alone. We encourage player creativity and we want the kids to enjoy the game.

• We do not treat children like miniature adults and we won't hold youngsters to the professional levels standard. We know that success has many forms and your child will determine what success looks like.

• Overall, we want your child to succeed, make new friends and ultimately love the game of soccer.

• Our coaches are all currently rostered on Saint Louis University Men's and Women's Soccer teams . We typically recruit 7-10 SLU soccer players to coach/assist our teams. Wanna sign Up?
